PART 1 · MODULE E

# Cold calling and appointment setting, with compliance

Respectful outreach, booking and the rules you must follow.

## E1. Lead research and prospecting

Research a company before you call: its size, the person's role, and one reason they might need the service. Record each source.

## E2. Calling script

Opening, purpose, qualification questions, handling objections, a clear next step. Keep the script short and respectful; stop immediately when someone asks you to.

## E3. Appointment booking and CRM updates

Confirm the date, time and the attendees, send a calendar invite, and log the outcome in the CRM the same day.

**COMPLIANCE BEFORE ANY CALLING**

Calling rules differ by country and change over time. In India, telemarketing is regulated (including the national Do Not Disturb register and the telecom regulator's rules). Check the official regulator pages before you call anyone, do not call numbers on a do-not-call list, record consent, and get written instructions from the client. This textbook does not give legal advice.

**VERIFICATION NOTE**

Software features, plans, fees and legal rules change. Links point to official sites that were not checked live in this draft. Confirm tax, payment, telemarketing and data-protection rules with the official government or regulator pages, or with a qualified professional, before relying on them.
