How to use this textbook

This book turns skills from the seven departments into a freelance business: finding clients, pricing, contracts, payments, and growing towards an agency.

Where this book fits

Department	Skill textbook
1	Development and IT
2	AI and Automation
3	Design and Creative
4	Marketing
5	Data Analytics and Data Science
6	Admin and Business Support
7	Writing and Content

Pick one skill from a department, build the portfolio project from its chapter, then use this book to sell it.

VERIFICATION NOTE

Marketplace fees, rules, tax rates and legal requirements change and differ by country. This book gives frameworks and checklists, not legal, tax or financial advice. Official links were not checked live in this draft; confirm every figure on the official site or with a qualified professional. All prices in examples are illustrative.
